PDMMC/OBGY/364/2022

Department of Gynecology

Date: 8/8/2022

Activity Report

Project/Activity/Event Name: "Breast Feeding Awareness Programme" celebrated 1st to 7th August, 2022.

Venue/Place: Seminar Hall, Dr. Panjabrao alias Bhausaheb Deshmukh Memorial Medical College, Amravati.

Department / Section: Department of Gynecology, Dr. P.D.M.M. C. Amravati.

Date : 1st-7th August, 2022

Objectives :

1. To imbibe importance of Breast Feeding among lactating mothers.
2. To improve awareness of exclusive breast feeding.
3. To demonstrate correct method of breast feeding.

Importance / Relevance / Introduction:

Breast Feeding is an investment in Health and not just a lifestyle decision. Infants who are breast fed have reduced risk of asthma, obesity, type IDM, Sever lower respiratory disease, acute otitis media etc.

Brief Description of the activity carried out :

To imbibe importance exclusive breast feeding we conducted Breast Feeding Program on occasion of Breast Feeding Week on 1st August, 2022 in collaboration with Indian Academy of Paediatrics and IMA Amravati at Dr. PDMMC. This program was attended by Dr. A. T. Deshmukh (Dean), Dr. K. Y. Vilhekar, Dr. Tiwari, Dr. P. S. Junghare, Dr. P. Kale, Sisters of both gynaecology and paediatrics department also attended the program as being in close contact with the patients, they have important role in establishing breast feeding practice, Program received very good response.

To improve awareness of exclusive breast feeding in rural population, Anjangaon Surji Medical Association in collaboration with Amravati obstetrics and Gynecology society and Obst-Gynecology department Dr. PDMMC held breast feeding camp on 3rd August, 2022 at Anjangaon Surji. It was attended by Dr. Sayali Jahangidar and Dr. Monika Hantodkar.

It got a huge reponse. Purpose of this program was to improve awareness about breast feeding among health workers working at PHCs who are actually working at field level.

DEAN
Dr. Panjabrao Alias Bhausaheb Deshmukh
Memorial Medical College, Amravati

Recommendations:

1. To conduct such program on large scale is important
2. Involvement of ANMs health workers at PHCs, who are the first contact persons with lactating mothers in such awareness campaign.

Enclosure :

1. Geotagged Photos
2. Classified list of Attendees with signatures (Teaching, Non-Teaching, UG Students)

Department of Anatomy

Date: 13/8/2022

Activity Report

Project/Activity/Event Name: "Organ Donation Day" celebrated 13th August, 2022.

Venue/Place: Guyton Hall, Dr. Panjabrao alias Bhausaheb Deshmukh Memorial Medical College, Amravati.

Department / Section: Department of Anatomy, Dr. P.D.M.M. C. Amravati.

Date : 13th August, 2022

Time : 9 am to 5 pm

Objectives :

1. Spreading Awareness regarding Organ Donation & Body donation.
2. Motivating employees for Organ Donation & Body Donation.

Importance / Relevance / Introduction:

Today Organ Donation Transplantation is Life saving procedure & treatment for many diseases so all the Healthcare workers should be aware of procedure, rules and regulations regarding organ & Body donation

Brief Description of the activity carried out :

Programme of "Awareness on Organ & Body Donation" was organized. A seminar explained "What is Organ Donation? Why it is the need of time?". A Program was organized by Anatomy Department on 13th August, 2022.

Audience was also made aware of rules, regulations as well as ethical & legal legal issues related to Organ Donation.

Dean Dr. A. T. Deshmukh sir & Director Dr. P. R. Somwanshi sir told briefed everyone regarding need of awareness in this subject in healthcare workers as well as community for better health of community.

Recommendations: Awareness Programmes should be arranged regularly in community.

PDMMC/PSY/Out no. 454/22 Department of Psychiatry

Date: 24/09/2022

Activity (Event) Report

Project/Activity/Event Name : "Workshop on Mental Health Issues" on 23rd September, 2022

Venue / Place : Guyton hall, Dr.PDMC, Amravati

Department / Section : Dept. of Psychiatry
 Dr. P.D.M.M. C. Amravati.

Objectives :

Medical education and training can directly contribute to the development of psychological distress in medical students. This can lead to catastrophic consequences such as impaired academic performance, impaired competency, medical errors and attrition from medical college. This workshop aimed to assess the prevalence of psychological morbidity among medical students.

Importance / Relevance / Introduction : The mental health of medical students can affect their education, social life, and emotional well-being. Students struggling with mental health may experience more significant challenges throughout school and adulthood, while those not struggling may have a greater zest for their education, social experiences, and more.

Brief Description of the activity carried out :

The workshop "Mental health issues" amongst Resident doctors organised by Dept. of Psychiatry, Dr.PDMC on 23rd September 2022 in Guyton hall, Dr. Panjabrao Deshmukh Memorial Medical college, Amravati. Time- 3pm-5pm

Attendees-

- Chief guests- Dr.A.T.Deshmukh (Dean at Dr.PDMC) and Dr.P.R.Somawanshi (Director at Dr.PDMC)
- Faculty members- Head of the departments and other faculties.
- Resident Doctors- MD/MS, DNB, Diploma students and non-PG residents.

Pre-event activities-

- General welcome
Commencement of workshop with a brief introduction of organisers and chief guests.
- Welcome address
A warm welcome of chief guests, faculties and residents by Dr. A.V.Saboo (prof and HOD of dept of Psychiatry)
- Felicitation of chief guests
Dr. A.T.Deshmukh (Dean at Dr.PDMC) and Dr. P.R.Somwanshi (Director at Dr.PDMC) were presented with a floral bouquet
- Introduction of the speakers

DEAN
 Dr. Panjabrao Alias Bhausaheb Deshmukh
 Memorial Medical College, Amravati

Topics-

1. Residency Expectations and Challenges by Dr. A.V.Saboo (prof. & HOD Dept.of Psychiatry)

Light was thrown upon challenges faced by residents in their post-graduation programme on a day-to-day basis and dealing with them by giving examples of Coping Skills which can be implemented in their practical life.

2. Motivation, Knowledge, Skills, Attitude by Dr. M.P.Murke (Asso. Prof Dept of Psychiatry)

Motivation impacts directly upon learning and achievement. Topic was discussed as to motivate students to produce higher quality effort, learn deeply and perform better in academics alongwith giving them idea about development of their Skills and Attitude in their work-life.

3. Communication skills by Dr.Vidyut Khandewale (Senior resident Dept. Of Psychiatry)

Importance and benefits of communication skills in personal and professional life were discussed. This workshop focused in building a trust-worthy doctor patient relationship, better identification of patients' needs and expectations.

4. Stress Management by Dr. Rohit Deshmukh (Asst. Prof Dept. Of Psychiatry)

There was discussion about Stress and its impact on mental health. This workshop enlightened healthy ways on how to manage stress and improve physical and mental well-being.

Question and Answer round

At the beginning of the session, students were given a blank paper to write down their queries in order to maintain their anonymity. Papers were collected and the questions were addressed accordingly.

Recommendations:

Enclosure :

4. Photographs
5. Classified list of Attendees with signatures (Teaching, Non-Teaching, PG Students)

Activity (Event) Report

Project/Activity/Event Name : "Breast Self Examination Awareness month – October 2022"

Venue / Place : Surgery OPD No. 4

Department / Section : Dept. of Surgery

Dr. P.D.M.M. C. Amravati.

Objectives :

1. Ability to Define and agree personal healthcare targets and develop strategies for meeting them.
2. To Educate people about the need to look after their feet.

Importance / Relevance / Introduction :

Diabetes is a complex metabolic disease which can give rise to many Circulatory and neurological disorders.

Brief Description of the activity carried out :

With reference to above cited subject Breast Self Examination Awareness Month celebrated on 1st October – 30th October 2022 at Surgery OPD No. 4, Dr.P.D.M.M.C. Amravati under the supervision of Dr. Lawhale, Prof. & Head, Department of Surgery.

Research has shown that routine breast self examination does play a important role in detecting breast cancer early as compared with finding a breast lump by chance. Hence breast awareness month is celebrated in the month of October every year in Dr. PDMMC, Amravati. Female are educated in surgery OPD & surgery ward about self breast examination to notice about breast swellings, nipple discharge etc. and also importance of early detection of breast cancer by doing self breast examination.

Recommendations:

Activity (Event) Report

Project/Activity/Event Name : "Plastic Waste Collection" celebrated on 19th Oct., 2022.

Venue / Place : Shri Chatrapati Shivaji Maharaj Auditorium, Dr. PDMNC, Amravati.

Department / Section : National Service Scheme , Dr. P.D.M.M. C. Amravati.

Date : 19th Oct. , 2022 **Time :** 9 am to 12 pm

Objectives :

- The initiative aims to establish environment-friendly plastic waste disposal solutions.
- In the process it seeks to ban the use of plastic bags and plastic products, and reduce plastic littering across the state.

Importance / Relevance / Introduction :

Overall, plastic waste management is crucial for protecting the environment and preserving natural resources. By taking steps to reduce, reuse, and recycle plastic, we can help to reduce the negative impacts of plastic pollution and create a more sustainable future.

Brief Description of the activity carried out :

"Plastic Waste Collection" was celebrated on 19th Oct., 2022 at Dr. Panjabrao alias Bhausaheb Deshmukh Memorial medical College, Amravati under the supervision of Dr. V. R. Lunge, Program officer, National Service Scheme, Dr. P.D.M.M. C. Amravati.

On the occasion of celebration Dr. P. R. Tekade, Dr. Nistane, Mr. Sanjay Watane, Sport Officer, Dr. Trichal, under graduate students, Non-Teaching staff activity participated.

Recommendations: It is an initiative of the Government of Maharashtra Environment and Climate change department to empower student with knowledge on the impact of climate change and environmental Issues.

Out. No. PDMMC/DVL/ 37/2023 **Department of Dermatology**

Date: 31/01/2023

Activity Report

Project/Activity/Event Name : "World Leprosy Day" 30th January, 2023

Venue / Place : Dermatology OPD No. 17

Department / Section : Dept. of Dermatology
Dr. P.D.M.M. C. Amravati.

Objectives :

1. The aim of observing the World Leprosy Day is to create awareness against the stigma attached to the disease, by making the general community aware that it is a disease spread by a type of bacteria and it can be easily cured.
2. To advocate for the equal treatment of persons affected by leprosy and to reeducate the public about leprosy
3. This year's theme for World Leprosy Day is 'ending discrimination, stigma, and prejudice'.

Importance / Relevance / Introduction : To create awareness against the stigma attached to the disease, by making the general community aware that it is a disease spread by a type of bacteria and it can be easily cured.

Brief Description of the activity carried out :

With reference to above cited subject World Leprosy Day celebrated on 30th January, 2023 (Last Sunday of January) at Dermatology OPD No. 17, Dr.P.D.M.M.C. Amravati under the supervision of Dr. S. N. Agrawal, Prof. & Head, Department of Dermatology.

PDMMC/Micro/ 211 / 2023

Department of Microbiology

Date : 03/05/2023

Activity (Event) Report

Activity/ Event Name: "World Hand Hygiene Day" Celebration on 3rd May 2023.

Venue/Place – OPD premises of DR. Panjabrao Deshmukh memorial Medical College, Amravati

Department/Section: Department of Microbiology, Dr.PDMMC, Amravati

Objectives:

1. To increase the awareness regarding hand hygiene among health care workers.
2. To educate the health care workers about importance of hand hygiene to prevent the health care associated infections.

Importance/Relevance/introduction:

Hands of health care workers are common mode of transmission of health care associated infections (HAIs). Effective hand hygiene is the cornerstone among all the measures of preventing HAIs.

Brief description of the activity carried out :

World hand Hygiene day was celebrated on 3rd may 2023 in the OPD premises of Dr. PDMMC, Amravati, by Department of Microbiology under the supervision of Dr. P.R. Bhise, Professor and Head, Department of Microbiology. Hand hygiene awareness week was celebrated from 27th April to 3rd may 2023. During this period, faculties from department of Microbiology visited all wards, OPDs, laboratories to observe the number of opportunities of hand hygiene and actual hand hygiene done by HCWs. Compliance for the same was calculated and wards with best compliance were awarded. On 3rd May Poster and Rangoli competition on awareness of hand hygiene was organized, best Posters & Rangoli were awarded. Dance demonstrating the steps of hand hygiene was performed by technicians from department of Microbiology. On this occasion Dr. A.T. Deshmukh, Dean and Dr. Tekade, Medical

DEAN

Department of Psychiatry

Date: 02/06/2023

Activity Report

Project/Activity/Event Name : "World No Tobacco Day"

Date : 31st May, 2023

Venue / Place : Seminar hall, Psychiatry OPD No. 07 Dr.PDMC, Amravati

Department / Section : Dept. of Psychiatry Dr. P.D.M.M. C. Amravati.

Objectives :

To spread awareness about the various forms of tobacco consumption and the physical, mental, and social problems this poses, and how they could overcome this addiction.

Importance / Relevance / Introduction :

The mental health of medical students can affect their education, social life, and emotional well-being. Students struggling with mental health may experience more significant challenges throughout school and adulthood, while those not struggling may have a greater zest for their education, social experiences, and more.

Brief Description of the activity carried out :

The "World No Tobacco Day" amongst Resident doctors organised by Dept. of Psychiatry, Dr.PDMC on 31st May, 2023 in Seminar hall, Psychiatry OPD No. 07, Dr. Panjabrao Deshmukh Memorial Medical college, Amravati. Time- 3pm-5pm

The program was started with introducing the audience to what tobacco is, the epidemiology of its consumption, and the impact of this on society.

Questions and Answers –

- Audience was then encouraged to ask questions they had about tobacco use and its effects.
- They asked several questions, including what different tobacco products existed, what health risks they posed, and how tobacco consumption affected the users' family & friends.
- They also asked what help can be sought to reduce and eliminate one's tobacco use, and what treatment modalities were available.
- All these questions were answered in a comprehensive manner.

The audience was counselled about the great need of overcoming this addiction. Finally, the audience was informed that they could seek help from the Psychiatry OPD (no. 7) at Dr. PDMMC Amravati for tobacco cessation.

The audience was then told about the initiation of World No Tobacco Day, and the importance of this day in spreading awareness about the risks of tobacco consumption. Question and Answer round

Recommendations: Smoke-free policies, price increases, and health education campaigns that target large audiences. Methods like counseling and medication can also help people stop using tobacco.

Know Your Organ Activity Report

Project / Activity/ Event Name :- "Know Your Organ" Celebration on 12th September 2021

Venue Place :- Dissection Hall Anatomy Dept. Dr. P.D.M.M.C. Amravati.

Department Section:- Anatomy Dr. P.D.M.M.C. Amravati

Date of Event / Activity/ Project :- 12/09/2021 **Time :-** 08:00 Am

Objectives :-

1. To create awareness among Society
2. To make people aware of functions
3. To create interest in Human Medicine & Anatomy subject as well.

Importance / Relevance /Introduction :-

Many students of school & colleges learn their organs & their function from book. By seeing organs and holding it we learn it in better way. So by this activity opportunity is given.

Brief Description of the Activity carried out :-

This activity is Carried out regularly in collaboration with MBBS students as one of the important activity of Ganesh festival.

All the organs are displayed on the table in dissection hall. All the students from different school & colleges come to see these organs volunteers of out medical colleges show them & tell them about their functions.

Students get wonderful experiences by seeing and handling organs & their knowledge increases.

Dean sir Dr. A.T. Deshmukh sir congratulated all the faculty members & volunteers students as being part of this innovative workshop which is helping to spread knowledge among the school going children's.

Recommendations :-

- 1) These should be organised every half yearly.
- 2) It should be properly advertised in advanced among school.

PDMMC/PSY/572/2021

Department of Psychiatry

Date: 11/10/2021

Activity (Event) Report

Project/Activity/Event Name : "World Mental Health Day" 10th October, 2021

Venue / Place : Psychiatry OPD No. 07

Department / Section : Dept. of Psychiatry
 Dr. P.D.M.M. C. Amravati.

Objectives :

1. To raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.
2. Prevention and treatment of mental and neurological disorders and their associated disabilities.
3. Use of mental health technology to improve general health services.

Importance / Relevance / Introduction :

Important of Celebration/Awareness : They can help you to build a sense of belonging and self-worth, give you an opportunity to share positive experiences, provide emotional support and allow you to support others.

Brief Description of the activity carried out :

World Mental Health Day is celebrated on 10th October, 2021 at Psychiatry OPD No. 7, Dr. P.D.M.M.C. Amravati under the supervision of Dr. A. V. Saboo, Professor & Head, Department of Psychiatry.

The theme of 2021's mental health day was "Mental Health in an unequal World". A programme promoting mental health was conducted by the department for the patients visiting the hospital OPD and the students. Speakers from the faculty talked about the inequalities that increase the risk of mental health conditions and limit the access to mental health care.

On the occasion of celebration Dr. A. V. Saboo, Dr. M. P. Murke, Dr. V. A. Khandewale, Dr. Rohit Deshmukh, Dr. Anurag Khapri all post graduate students, Non-Teaching staff activity participated.

PDMMC/PSY/245/2020

Department of Psychiatry

Date: 20/10/2020

Activity (Event) Report

Project/Activity/Event Name : "World Mental Health Day" 10th October, 2020

Venue / Place : Psychiatry OPD No. 07

Department / Section : Dept. of Psychiatry
 Dr. P.D.M.M. C. Amravati.

Objectives :

1. To raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.
2. Prevention and treatment of mental and neurological disorders and their associated disabilities.
3. Use of mental health technology to improve general health services.

Importance / Relevance / Introduction :

Important of Celebration/Awareness : They can help you to build a sense of belonging and self-worth, give you an opportunity to share positive experiences, provide emotional support and allow you to support others.

Brief Description of the activity carried out :

World Mental Health Day is celebrated on 10th October, 2020 at Psychiatry OPD No. 7, Dr. P.D.M.M.C. Amravati under the supervision of Dr. A. V. Saboo, Professor & Head, Department of Psychiatry.

The theme of 2020's mental health day was "Move for Mental health: increased investment for mental health".

Owing to the growing pandemic and the strict protocols surrounding it the department put up multiple banners and posters regarding COVID and its impact on mental health in the hospital as well as the hostel campus.

Pamphlets were also distributed by the social workers to the patients and visitors explaining the common symptoms and manifestations of COVID and its impact on mental health.

On the occasion of celebration Dr. A. V. Saboo, Dr. M. P. Murke, Dr. V. A. Khandewale, Dr. Bhakti Murkey, all post graduate students, Non-Teaching staff activity participated.

DEPARTMENT OF ANATOMY

Activity (Event) Report of "Know Your Organ" Program

Project / Activity/ Event Name :- "Know Your Organ" Celebration on 3rd & 4th September 2019.

Venue Place :- Dissection Hall, Anatomy Dept. Dr. P.D.M.M.C. Amravati.

Department Section:- Anatomy Dr. P.D.M.M.C. Amravati.

Date of Event / Activity/ Project :- 03/09/2019 **Time :-** 08:00 Am

Objectives :-

1. To create awareness among Society
2. To make student aware of functions
3. To create interest in Human Medicine & Anatomy subject as well.

Importance / Relevance /Introduction :-

Many students of school & colleges learn their organs & their function from book. By seeing organs and holding it they will learn it in better way. So by this activity opportunity is given.

Brief Description of the Activity carried out :-

This activity is carried out regularly in collaboration with MBBS students as one of the important activity of Ganesh festival.

All the organs are displayed on the table in dissection hall. All the students from different schools & colleges comes to see these organs. Volunteers of our medical colleges show them & tell them about their functions.

Students get wonderful experiences by seeing and handling those organs & their knowledge increases.

Dean sir Dr. P.R. Somvanshi sir congratulated all the faculty members & volunteers students of our colleges as being part of this innovative workshop which is helping to spread knowledge among the school going children's.

Recommendations :-

- 1) These should be organised every half yearly.
- 2) It should be properly advertised in advanced among school.
- 3) It should be carried out at last 2 day to cover up maximum students
- 4) To know the function & working of organ media should be used

Blood Centre & Component Lab

Activity / Event Name: Voluntry Blood Donation Camp

Date: 05/09/2019

Venue/Place : Sipna Engineering College, Amravati.

Department/Section: Blood Centre & Component Lab, Department of Pathology

Objectives:

1. Collection of Blood from voluntary donors
2. To create awareness among people about blood donation.

Brief description of the activity carried out: Voluntary blood donation camp was organized by Raktdan Samiti , Amravati on 05/09/2019 Sipna Engineering College , Amravati at Total 108 donors donated blood in this camp. Also short group activity was organized to create awareness' about blood donation in this camp.

Recommendations: As there is always shortage of blood it is important to create awareness about voluntary blood donation among people especially young school and college going students.

Enclosure:

1. Circular
2. List of Attendees/doctor
3. List of donors
4. Camp Photos.

DEPARTMENT OF PSYCHIATRY

Activity (Event) Report

Project/Activity/Event Name : "World Mental Health Day" 10th October, 2019

Venue / Place : Psychiatry OPD No. 07

Department / Section : Dept. of Psychiatry
 Dr. P.D.M.M. C. Amravati.

Objectives :

1. To raise awareness of mental health issues around the world and to mobilize efforts in support of mental health.
2. Prevention and treatment of mental and neurological disorders and their associated disabilities.
3. Use of mental health technology to improve general health services.

Importance / Relevance / Introduction :

Important of Celebration/Awareness : They can help you to build a sense of belonging and self-worth, give you an opportunity to share positive experiences, provide emotional support and allow you to support others.

Brief Description of the activity carried out :

World Mental Health Day is celebrated on 10th October, 2019 at Psychiatry OPD No. 7, Dr. P.D.M.M.C. Amravati under the supervision of Dr. S. B. Deshmukh, Professor & Head, Department of Psychiatry.

The theme of 2019's mental health day was "Mental Health promotion and suicide prevention".

The department organized a suicide awareness programme with the doctors from the faculty speaking about the increasing incidence and the various new emerging factors leading to suicide in the general population.

A flash mob was organized by the under graduate students with respect to the same with multiple posters and cards displayed showing slogans.

On the occasion of celebration Dr. S. B. Deshmukh, Dr. A. V. Saboo, Dr. M. P. Murke, Dr. V. A. Khandewale, all post graduate students, Non-Teaching staff activity participated.

Recommendations:

DEPARTMENT OF ANATOMY

Activity Report of "Know Your Organ" Program

Project / Activity/ Event Name :- "Know Your Organ"

Venue Place :- Dissection Hall, Anatomy Dept. Dr. P.D.M.M.C. Amravati.

Department Section:- Anatomy Dr. P.D.M.M.C. Amravati.

Date of Event / Activity/ Project :- 15/09/2018

Time :- 08:00 Am

Objectives :-

1. To create awareness among community regarding human organ
2. To make people aware of functions of different organs
3. To create interest in Human Medicine & Anatomy subject as well.

Importance / Relevance /Introduction :-

All The students get to know about organs from books which is two dimensional. By this activity students observe this organs closely, feel them, get to know their function, which definitely helps to spread knowledge and interest among students

Brief Description of the Activity carried out :-

For this activity we take help of seniors students of 1st & 2nd year MBBS they become volunteers and help the students to know their organs.

All the organs are displayed in dissection hall according to system wise. Volunteers are allotted each system of organs. Volunteers explain students (participants) about each organs & tell them their functions. All participants move from one table to another table with different organ. All the students of different school develops interest get details about organs by this demonstration.

This activity ended with heart congratulation by Dean Sir Dr. P.R. Somvanshi & he gave best wishes to all the students who participated in this activity.

Recommendations :-

- 1) These should be organized every half yearly.
- 2) It should be properly advertised in advanced among school.
- 3) It should be carried out at last 2 day to cover up maximum students
- 4) To know the function & working of organ media should be used

Blood Centre & Component Lab

DR. P. D. M. M. C. / BLOOD BANK
 Outward No. 323/19
 Date 28/12/2019

Activity / Event Name: Voluntary Blood Donation Camp

Date: 25/03/2019

Venue/Place : Navaj Medical, Taj -Nagar No.-1, Lal Khadi Road, Amravati .

Department/Section: Blood Centre & Component Lab, Department of Pathology

Objectives:

1. Collection of Blood from voluntary donors
2. To create awareness among people about blood donation.

Brief description of the activity carried out: Voluntary blood donation camp was organized by Chairman, Akil Ahemad, Amravati on 25/03/2019 Navaj Medical, Taj -Nagar No.-1, Lal Khadi Road at Total 14 donors donated blood in this camp. Also short group activity was organized to create awareness' about blood donation in this camp.

Recommendations: As there is always shortage of blood it is important to create awareness about voluntary blood donation among people especially young school and college going students.

Enclosure:

1. Circular
2. List of Attendees/doctor
3. List of donors
4. Camp Photos.
