Activity Report

Project/Activity/Event Name : "World No Tobacco Day"

Date : 31st May, 2023

Venue / Place : Seminar hall, Psychiatry OPD No. 07 Dr.PDMC, Amravati

Department / Section : Dept. of Psychiatry Dr. P.D.M.M. C. Amravati.

Objectives :

To spread awareness about the various forms of tobacco consumption and the physical, mental, and social problems this poses, and how they could overcome this addiction.

Importance / Relevance / Introduction :

The mental health of medical students can affect their education, social life, and emotional well-being. Students struggling with mental health may experience more significant challenges throughout school and adulthood, while those not struggling may have a greater zest for their education, social experiences, and more.

Brief Description of the activity carried out :

The "World No Tobacco Day" amongst Resident doctors organised by Dept. of Psychiatry, Dr.PDMC on 31st May, 2023 in Seminar hall, Psychiatry OPD No. 07, Dr. Panjabrao Deshmukh Memorial Medical college, Amravati. Time- 3pm-5pm

The program was started with introducing the audience to what tobacco is, the epidemiology of its consumption, and the impact of this on society.

Questions and Answers –

- Audience was then encouraged to ask questions they had about tobacco use and its effects.
- They asked several questions, including what different tobacco products existed, what health risks they posed, and how tobacco consumption affected the users' family & friends.
- They also asked what help can be sought to reduce and eliminate one's tobacco use, and what treatment modalities were available.
- All these questions were answered in a comprehensive manner.

The audience was counselled about the great need of overcoming this addiction. Finally, the audience was informed that they could seek help from the Psychiatry OPD (no. 7) at Dr. PDMMC Amravati for tobacco cessation.

The audience was then told about the initiation of World No Tobacco Day, and the importance of this day in spreading awareness about the risks of tobacco consumption. Question and Answer round

Recommendations: Smoke-free policies, price increases, and health education campaigns that target large audiences. Methods like counseling and medication can also help people stop using tobacco.
