PREAMBLE

We at Dr P D M medical college are committed to deliver high quality education to the large pool of students to enhance their competencies and build human capital of global standards. We deliberately emphasize on advancement of innovative teaching learning process, inculcation of research culture and enhancement of knowledge infrastructure. We strive to exceed the satisfaction of all the stakeholders. We do this by reviewing our quality initiatives and policies from time to time. The review is based on the feedback collected from various stakeholders like students, teachers, parents and alumni. Hence the educational institution must follow standard operating procedure to use inputs from students, parents, teachers and professionals for improvement in quality of teaching learning process, infrastructure, hygiene etc.

The feedback is collected on varied aspects like curriculum, infrastructural facilities of the college, teachers and nonteaching staff of the college, food and hygiene in campus etc. It is then analysed and used for further improvement. Feedback is collected both digitally as well as manually. The feedback system and the changes in the system will be reviewed constantly by the IQAC. To make the system more effective, the IQAC will review and change the system as per the regulations of NAAC.

Role of IQAC in Feedback system

According to regulation by NAAC, every college after the first cycle will establish IQAC as a body that will be responsible for the quality enhancement and quality initiatives in the college. Accordingly college has established IQAC and it is functional in the sense that it brings in quality enhancement by systems like feedback, academic and administrative audits, green audits etc. Regularization of effective feedback system will be one of the key roles of the IQAC in the college.

IQAC will follow the following steps

1. It will collect the feedback from stakeholders and while doing that it will follow the rules and regulation of NAAC office.
2. It will decide the mode of the collection of the feedback that is digital or manual or both.
3. It will decide the frequency of feedback that is annually or six monthly
4. It will frame the formats of all the feedbacks.
5. The feedbacks will be passed on to the respective group of stakeholders.

6. The feedback is then collected and it will be analyzed with the help of IQAC team.
7. The analysis and recommendations on that are shared with the management and head of the institute who with consensus of IQAC takes steps towards improvement.
8. The entire report then will be posted on the website for the stakeholders.

Feedback System

Stakeholders play an important role in the knowledge process. The views of stakeholders about the curriculum will be taken into consideration through feedback mechanism. Feedback will be obtained formally and informally. Informal feedback is through observations, suggestions and comments of peers, experts etc.

Students Feedback:

- A specific feedback format will be prepared by the college which will be filled up by the students. These feedbacks are through online mode.
- Feedback is collected annually in January every year.

Feedback from alumni:

Alumni will give their expectations, observations and suggestions in the feedback forms regarding overall issues that will be taken into consideration.

Feedback from parents:

In the parent-teacher meets, feedback from the parents will be collected and their suggestions will be taken into consideration.

Feedback from Employers / Healthcare Industries:

To fill the gap and prepare students for the professional life, the college will collect their feedback through discussions.

Feedback from Teachers and non-teaching staff:

Teachers and non teaching staff will be considered for feedback. It includes academics, working environment, hygiene and cleanliness in campus, other facilities etc. The college will develop a system to take feedback from them to improvise upon.

Feedback from Patients:

Patients form an integral part of any medical college. Feedback from them is regularly taken through offline mode/physical form in local language. It is on hygiene and cleanliness in hospital, adequacy of medical facilities and other facilities.

Formats of Feedback System

The IQAC Coordinator along with the members will finalize the format of the feedbacks to be collected from the various stakeholders.

The feedback will be collected formally and informally as per the availability of the stakeholders.

The college had introduced digital feedback system for the students and manually feedback is collected from other stakeholders.

The IQAC will maintain the same format for coming years too. Though the focus will be on digital feedback for quick and correct analysis but manual feedback can also be depended upon.

The IQAC will change the questionnaire as per the requirement of SSR and also according to the change in the syllabus and evaluation pattern of the affiliating university.

The IQAC will prepare questionnaires for students, teachers, parents and alumni, patients

The efforts will be made by the head of the departments and committees and cells to get feedback from academic peers and visitors.

Digital Feedback

The college has already started the system of digital feedback for collection of feedback from the students. It will continue to do the same in coming years.

Analysis of the feedback

The students feedback will be analyzed by the IQAC team and technical experts as it will be digital. Other manual feedbacks will be collected and analyzed by IQAC team. The college has department of statistics, the department will be consulted for the same. The analysis and its recommendations will then be shared with the management and head of the institute.

Action Taken Report

The head of the institute will discuss the analysis with the IQAC team and accordingly has to prepare an Action Taken Report. The HOI will initiate action against incharge person responsible for that particular service/facility.

Responsibility of the Institution

The institution will form an IQAC and will keep the cell functional.

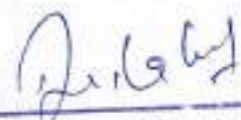

The IQAC Coordinator's post will be a revolving one and members will be assigned on the basis of the NAAC guidelines.

The IQAC will be responsible for maintaining the feedback system.

The institution will provide technical support to the teachers and students in collecting and analyzing the feedback

The institution will provide adequate infrastructural facilities like computer labs, systems to collect the feedback.

Adequate Human resources will be employed including both the teaching and non teaching staff to complete the feedback system.
